

Associated Marine Surveyors Ltd - Marine Surveyor - Tony Repard Accredited Marine Surveyor Vancouver

Welcome to the Vancouver based home of Associated Marine Surveyors Ltd and Tony Repard

As an Accredited Marine Surveyor (SAMS) and Lloyds approved surveyor, I would appreciate the opportunity to take care of your surveying requirements, whether you are a first time buyer or a seasoned purchaser contemplating a larger vessel, new or used, power, or sail.

Surveys include pre-purchase, insurance, and appraisals.

With a reputation for thoroughness, I specialize in good quality new and used pleasure craft. My reports are accepted by all major banks and insurance companies throughout Canada and the U.S.A.

With many years as a surveyor and boater, both power and sail, experience with marine equipment and process control systems, and an innate curiosity about what makes things tick, I equally enjoy surveying sail and power boats, and motor yachts with complex systems.

Cell: 604 506 7549. Tel/Fax: 604 879 1069.
